

# Types of Neuroendocrine Tumors (NETS)

---

## GI NETS

- Well differentiated NET
- Neuroendocrine *carcinoma*

## Lung NETS

- Typical
- Atypical
- Large Cell
- Small Cell

## Pancreatic NETS (pNETS)

- Well differentiated pNETS
- Poorly differentiated pancreatic neuroendocrine *carcinoma*
- Functional pNETS
  - Gastrinoma
  - Insulinoma
  - Glucagonoma
  - Somatostatinoma
  - VIPoma
  - ACTHoma
